Palgrave Macmillan, UK. Softcover. Book Condition: New. First Edition. Available Now. Book Description: Gender is a hugely important factor in how we see the world, not just for psychologists but society as a whole. From the key theoretical developments, through the development of gender in childhood and on to the way gender is interpreted by different cultures around the world, Franklin's spirited introduction shows how gender shapes our understanding of life. Whatever your level of study, this book will give you a deeper understanding of the way gender continues to affect the way we think and behave.: Review: 'This textbook is wonderfully written and a perfect resource for every psychology student. It captures a range of different viewpoints on gender and shows the need to consider both the role of culture and biological factors in how we understand what it means to be male or female. This book explores key topics at the heart of the discipline and reflects original ideas on the sex/gender binary. It is accessible, engaging and thought-provoking.' - Lewis Goodings, Lecturer in Social Psychology, University of Roehampton, London, UK: Book Description: With its broad coverage, accessible style and in-depth focus on gender differences, this is the perfect aid for students at A Level and beyond aiming to push their grades higher Size: 14.3 x 1.2 x 22 cm. 224 pages. Multiple copies available this title. Quantity Available: 6. Shipped Weight: Under 500 grams. Category: Medicine & Health; Psychology & Psychiatry. ISBN: 0230302734. ISBN/EAN: 9780230302730.
