Leaky Boot Press, United Kingdom, 2013. Paperback. Book Condition: New. 214 x 138 mm. Language: English . Brand New Book ***** Print on Demand *****. Mothballs: Quantum Poems is the long awaited new collection by the internationally acclaimed poet Seb Doubinsky. The whole collection. . . reads as one long poem with pauses in between (the white noise of daily life) and then these snapshots of sheer magic that radiate with a synaesthesia of all the senses intermingling- words, breath, the ticking of the clock. There is such a pulse in these lines. . . Cynthia Atkins Seb Doubinsky was born in Paris and spent part of his childhood in the USA, an experience that indelibly marked him for life. He currently lives in Denmark with his wife and children. He writes fluently in both French and English and has published more than a dozen novels that blur the boundaries between literary fiction, science fiction and crime fiction, and a volume of short stories. His poetry has been published around the world to great acclaim and has been collected into at least seven stand-alone volumes. He edits the bi-lingual online literary magazine Le Zaporogue, publishes books under his Les Editions du Zaporogue imprint and is at work on at least one new novel.
