Oxford University Press, United Kingdom, 2010. Hardback. Book Condition: New. 198 x 135 mm. Language: English . Brand New Book. John Evelyn is best known today for his Diary, second only in reputation to that of his friend and fellow-diarist, Samuel Pepys. In his own day he was famous for *Sylva* , his great work on trees and timber management, and he was also writing meticulous notes on the upkeep of his garden at Sayes Court - instructions for his gardener which may be of use for other gardens . In *Directions for the Gardiner* he advises how to cultivate and tend perennials, annuals, root vegetables and trees, with lists of plants and gardening terms and tools. The *Kalendarium Hortense* and the *Acetaria*, the other two works collected here, are equally fascinating for their mixture of practical advice and insights into seventeenth-century horticulture. One of the earliest gardening calendars, the *Kalendarium* gives month by month advice on work in the kitchen and flower garden as well as listing each month s prime flowers and vegetables; the *Acetaria* deals with salad crops, and how best to dress and prepare them for eating. Providing a window into our gardening past, *Directions for the Gardiner* is a charming and eye-opening companion for garden lovers everywhere.
