

Alberto Bachmann: An Encyclopedia of the Violin

Filesize: 7.48 MB

Reviews

The publication is easy in read through better to recognize. It usually will not cost too much. You wont feel monotony at whenever you want of the time (that's what catalogs are for concerning when you question me).

(Rebecca Bechtelar)

ALBERTO BACHMANN: AN ENCYCLOPEDIA OF THE VIOLIN

Dover Publications Inc., United States, 2008. Paperback. Book Condition: New. Unabridged. 229 x 155 mm. Language: English . Brand New Book. No list of twentieth-century landmarks in music reference would be valid without Bachmann's Encyclopedia. -- American Reference Book Annual If there were such an award as one for the best reprint of our day, surely this book by Alberto Bachmann would be way up front with the leaders. -- American String Teacher Of the many books written about the violin, none offers the breadth and scope of this renowned reference. First published in 1925, it remains unsurpassed as a source of essential information on all aspects of the instrument. It traces the evolution of technique from the 1800s onward, in addition to examining the violin's construction and manufacture, listing American and European makers, and offering a biographic section on chamber music ensembles. Seventy-three rare photographs complement the text, which features an introduction by the legendary violinist Eugene Ysaÿe and a glossary of music and musical terms. Written by a concert violinist and composer, this remarkable handbook is a must for professionals, amateurs, teachers, and students.
